LOGISTIQUE **GRAND FROID**

LOCAGEL AT A GLANCE

Family-run deep freeze logistics company

in the Hauts-de-France region

We provide our customers, agri-food producers and distributors of all sizes, with **optimum preservation of their frozen products** (raw materials, semi-finished and finished products) and the **refrigerated logistics and transport services** they need to satisfy their own customers in France and abroad :

deep-freezing, storage, order preparation, repacking, copacking, cross-docking, etc.

The **quality** of our work, our **ability to listen**, and our **responsiveness** have been recognized by our customers **for over 35 years**.

OUR MAIN ASSETS

Frozen goods expertise

The specialization in cold storage for more than 30 years and the support of some of the biggest names in the food industry and retail allow LOCAGEL to maintain a level of excellence, supported by stable teams.

Accessibility

The accessibility to LOCAGEL is of course due to the ideal location of its logistic platform in the Pas-de-Calais (Lens/Vendin-le-Vieil) in the North of France, but also to the 24/7 access to its warehouse.

Commitment

It is undoubtedly the asset of LOCAGEL that has the most impact in maintaining the top quality logistics we deliver. We are very proud of the commitment that LOCAGEL teams mobilize on a daily basis.

Responsiveness

The family dimension of LOCAGEL guarantees a reduced number of interlocutors and allows quick decisions. Then, the commitment of LOCAGEL men implements it with the same efficiency.

Transparency

Clarity, simplicity... Collaboration is never as effective when it is done with transparency. Decisions are appropriate and shared, everyday life goes smoothly and, when a challenge arises, our customers and we are on the same wavelength to meet it.

Family business

LOCAGEL is a family-run SME in the Hauts-de-France region with a long-standing presence in the refrigerated logistics. But it is also the family spirit that contributes to the creation of faithful and experienced teams that maintain their expertise.

OUR PERFORMANCES AND CERTIFICATIONS

Quality standards and certifications are indispensable to the market and we are proud to achieve them. But what motivates us, is **to go beyond that for our customers** providing them with maximum **logistical performance**.

These standards and performances are the fruit of the hard work of the men and women of LOCAGEL who rely on **complete computerization : WMS, EDI, terminals** on all docks, forklifts, operators, etc.

It's located close to **major motorway routes** for quick access to Northern France, Paris and the Paris region, Normandy or Eastern France, the UK, Belgium, the Netherlands...

The map illustrates the geographical context of the Schengen Area and the UK. The Schengen Area is shaded in light blue, covering most of Europe except for the UK and Ireland. The UK is shown in light yellow, separated from the Schengen Area by the English Channel. Major cities and regions are labeled, including London, Paris, Brussels, Amsterdam, and Cologne. The map also shows the English Channel, the North Sea, and various roads and borders. The Schengen Area is defined by a network of orange lines representing borders and roads, while the UK is a separate landmass to the west.

Reduced environmental impact

From an environmental point of view, in addition to efficient use of energy resources, **LOCAGEL contributes to minimizing your products' contribution to global warming:**

- By using a refrigerant that has no effect on global warming (GWP/PRG index = 0), unlike HFC (fluorinated) fluids.
- In addition, electricity is essentially of non-carbon origin.

In transport, our eco-responsible approach is reflected in:

- Almost 100% of our trucks comply with **EURO 6** emission standards
- Monitoring and ongoing training of our drivers in **eco-driving** techniques
- Tire **retreading**, etc.

TRANSFREEZE's approach is rewarded by the **Objectif CO2 Label**

Customer

testimonials

"With LOCAGEL, there are very few errors, and they react quickly if we need to make any changes. That's great. We've probably had one loading error in 10 years!"

Logistics manager
at a food producer

"Our collaboration with LOCAGEL is going really well. There's good mutual communication. They're very responsive. No doubt I would recommend them. In fact, I already have."

Logistics manager
for a food manufacturer

"With LOCAGEL, it's constructive on both sides. There's never been a headache, and we've never been out of stock because of supply. Receipt documents, inventory status... It's straightforward. Even if there's an emergency in the morning, things go smoothly. They're accommodating and responsive."

Logistics manager
for a food producer

"LOCAGEL has been working very well for years. Their service is of a very high quality, more supervised and more reliable than other well-known service providers. They are very serious, respectful and our business relations are good. I recommend them without hesitation.."
